## About Airtile SlateFix 1

The Airtile SlateFix 1 high-performance synthetic slate tile is a beautiful looking, modern day version of a traditional slate tile. It has all the characteristics you can expect from a traditional slate such as authentic finish, riven edges and in the traditional slate colour. Unlike natural slate SlateFix 1 will not crack, break, chip or delaminate through its groundbreaking design and cutting-edge manufacturing process.

SlateFix 1 is very easy to fix, making it the perfect choice for any DIY or large scale project. It's also stress-free for any tradesman looking to fit the system for the first time, due to the visible fixing locations, pre-installed spacers and easy to follow lapping instructions. SlateFix 1 is also easy to cut, you only require a sharp fine tooth saw or a sharp blade, which means you don't have to worry about hiring or buying any slate cutters or tools.
